

Dear Parents,

We understand all parents care their children's need and do everything to provide the best for their children, including not only materials, but also learning programs for approaching more knowledge. In fact, the recent rising birth rate really induces a lot of parents' concern about their children's future competitiveness.

We believe both education and nurture are also important to children, however, in order to let parents believe their children will do things right, in fact it could be simple, it is to bring their children to Sunday school. As the bible says: "If a child is trained up in the right way, even when he is old he will not be turned away from it." Proverbs 22:6

We wish all children grow happily!

Yours faithfully,

Bravo Kids' Land Learning Centre
